

# METAL BUILDING SOLUTIONS **EQUESTRIAN BUILDINGS**

## **IT'S PRIME TIME**

When you need more than a metal building, you need Prime. Prime Metal Buildings & Components is the leading designer and supplier of innovative metal buildings.

[WWW.PRIMEBLDG.COM](http://WWW.PRIMEBLDG.COM)

# Designed for the equestrian.

Prime is located in the heart of Texas, better known as the Cowboy Capital of the World. Whether you're building a small barn for a few horses or an Olympic sized equestrian event facility, Prime has got you covered. Our team is very familiar with the needs of equestrians and their horses because we are equestrians ourselves! We'll listen to you to gain an understanding of your vision, assess your needs, and then design and supply the building of your dreams. All Prime metal buildings are manufactured right here in the USA. No project is too big or too small for Prime!

- > Hay Barns
- > Fully Enclosed Arenas
- > Roof-Only Arenas
- > Partial Wall Arenas
- > And More!

## Our Process

**Collaborate:** First, we listen and learn about your project and your vision. Then our team will assess your needs and make suggestions based on our experiences. We will work with you to make sure that you get the metal building you need.

**Design:** We use state-of-the-art technology to create preliminary drawings that you can use to visualize your new building.

**Estimate:** Our team of estimators will evaluate your project's design, timeline, and budget to provide you with a detailed quote. With our history of delivering both small and large projects on time and on budget, you can rest assured that we have taken every detail into consideration when formulating your quote.

**Commit:** Once an agreement has been reached, it's time to sign the paperwork and get started! We'll communicate key production and delivery dates, so you know exactly what to expect.

**Manufacture:** Our in-house production capabilities allow us to manufacture everything that goes into a metal building including primary framing, secondary framing, sheets, and trim.

**Support:** We're with you from start to finish, and we mean it. Once your building is delivered, we provide support throughout the entire erection process.
